Check out what past year's attendees had to say!

I showed up to ECO's National Gathering because I was invited, but I stayed because I felt welcomed and embraced into a group of ministry leaders who have their focus fixed on Jesus, and who truly wanted everyone to have the tools and network in ministry to run the race with perseverance. Every year I leave with a grateful heart for the leadership and relationships in the ECO family, as well as with practical ideas for spiritual health and ministry strategy.

National Gatherings have been a great place for me to build a network of other ECO pastors/friends, be introduced to impactful, practical speakers and resources, enjoy the fellowship and community of like-minded Christians, and build my stash of great ECO swag! And let's be honest—a rocking closing party that you'd be crazy to miss out on! Five stars—totally recommend!
